**Subject:** Question on Ex. 5 Personal Privacy (PP) reaction to the release of pfas data

Hi Nancy and Karen,

OPP/OCSP is planning to release the PFAS results from our Ft. Meade laboratory. One issue that has come up is whether the information could potentially be TSCA CBI. Ex. 5 Attorney Client (AC)

Ex. 5 Attorney Client (AC) Can you check on this with your contacts, or send me the contact information so I can follow-up on this issue?

Thank you,  
Kimberly

All, please see attached for a draft version of a memorandum and accompanying excel data file for posting on the OPP web page to share our laboratory's preliminary PFAS results to date.

I will be joining Erin at a 4:00 meeting to discuss the potential CBI issue. In the interim, I wanted to get this to you for review asap. Thank you.

**Importance:** High

We need to proactively release it today by posting to our website. We will get many requests for this information and the state partners asked for it.

**Subject:** RE: PFAS Prel Results Memo/Data

No updates yet. We have a 4:00 meeting set up to discuss further in PTSLO. When I was initially asked about this, it was thought we might get inquiries asking for the data. Has that changed and now you want to proactively release it? If so, when?
